

Below you will find some important details about how the spring season will be conducted to adhere to the current [Sports Safety Guidance | IDPH \(illinois.gov\)](#) guidelines:

- **U6-High School:** Teams remain the same from the fall 2020 season. Teams will have practices throughout the week with their team. On Saturdays, matches will be played (schedules will be posted mid-March).
- **U5 players** will remain on the same team from fall 2020, unless otherwise notified and attend Friday night sessions. Additional details will be communicated to all U5 families prior to its start.
- An IYSA Emergency Medical Release and Liability Waiver and IYSA Communicable Disease Agreement must be on file in the PCSL office for the current playing season (Fall 2020/Spring 2021). Until they are received in the office, your player is not allowed to attend and participate in any practices or games.
- We will be asking coaches to take attendance at each practice and game. This will help with contact tracing if needed.
- Coaches have sanitizing spray for their equipment bag and other personal protective equipment will be on hand at the complex to help follow the CDC guidelines on how to minimize the spread.
- **Masks and spacing:** Players are not required to wear a mask while playing, but it is permitted if a player chooses to wear one. It is recommended that players wear masks while walking to and from car to fields. Coaches, Referees, Parents, Spectators & League Volunteers are to wear masks while at the complex & practices. Spectators are to sit in designated areas, 30 ft from the field, to keep all of our children as safe as possible.
- Referees will be scheduled for U9-HS games. At U6-U8, coaches oversee matches.

*** Please note, the current Return to Play plans are subject to change if there are any changes to the current IYSA, IDPH & local governmental COVID mitigations.**
