

Full Year – Fall and Spring Seasons

Registering for the Full Year indicates that the player will play for **both** the Fall & Spring seasons.

Players will attend on the same night assigned for both Fall & Spring.

Players will be assigned a day & time based on choices listed during registration and availability. There is a limited number of openings for each session.

If you registered May 1 or later, there are no guarantees that there will be space for your child or that your placement will be on your preferred night.
